

PITCH BLACK DARK

Pitch Black Dark is a four-piece alternative metal band fronted by singer-guitarist Michelle Poletti, together with Marco Savoini (guitar), Alessio Allevi (bass), and Simone Fellini (drums).

Formed in 2020 and reshaped in 2023 with original music, they blend personal experiences with '90s–2000s metal influences to create a powerful, modern sound.

Their songs explore determination, resilience, and rebellion, giving voice to those who challenge conventions.

Unmistakable for the power and quality that characterize every performance, Pitch Black Dark embodies passion, dedication, and study—four musicians from diverse backgrounds whose alchemy delivers energetic, emotional shows that engage and captivate any audience.
